

7800 South (SR 48); 2700 to 4800 West

Project features:

- Resurfacing of roadway using FDR — an innovative, time saving process
- Partnership with other entities to reduce ongoing impact to roadway users
- Roadway Safety improvements for drivers and pedestrians

Roadway resurfacing and signal replacement

UDOT will partner with West Jordan City and Jordan Valley Water Conservancy District to provide roadway safety, traffic flow, drainage and utility line improvements on 7800 South between 2700 West 4800 and West. The roadway will be resurfaced using an innovative and time saving process called full-depth reclamation (FDR) which recycles and extends the life of the road surface. In addition:

- Curb gutter and sidewalk will be installed between 2700 and 4000 west to provide safety for pedestrians
- Storm drain, sewer line and water lines will be installed and utility lines will be relocated between 4000 West and 2700 West
- A right turn lane will be added at eastbound 7800 South to Old Bingham Highway
- A westbound through-lane and a free-right lane will be added at Bangerter Highway
- A railroad crossing at 4600 West will be widened and signal upgrades will be added

UDOT Region 2
2010 South 2750 West
Salt Lake City, UT 84104

Randy Park, Director
801 975-4805

Jason Davis
Asst. Director
801 975-4805
